## TECHNICAL DATA

# HIGH PERFORMANCE ROCK DRILL OIL

---

**Description:** **ROCK DRILL OIL 100** is a special high quality paraffinic based **percussion air tool lubricant** .This product was formulated with special EP and ANTI- RUST additives to protect equipment operating in very harsh **environments**.

**Application:** **ROCK DRILL OIL 100** can be used in all types of rock drills where lube oil is recommended.

This lubricant is specially developed to provide an effective lubricant film, which reduces wear of heavily loaded parts and prevents seizure

**Characteristics:**

<b>ISO GRADE</b>	<b>100</b>
Viscosity @ 40°C	100 cSt
Viscosity @ 100°C	11 cSt
Viscosity index	95
Flash point °C	225°C
Rust prevention rating	Pass
